

Doodle

Doodle

Doodle is definitely the eyecatcher in our Avant Garde Collection. This collection offers articles with creative, modern and trendy structures. Doodle is a perfect example for a nice decorative and creative Textaafoam original.

This knitted high-pile furniture fabric is pleasantly soft and has a very distinctive character. Doodle is piece dyed and has a woven backing that provides extra stability. This trendy and voluminous upholstery textile is suitable for all types of upholstery. We have opted for a wide and trendy colour palette. This curly fabric is also amazingly resilient.

Kindly note that during upholstering, loose fibres will come of. Due to lamination we have tried to minimize this, but this is a property of such kind of textile. It is advised to use air pressure after upholstering this Doodle quality.

A deviation of 10% in the look of the curly effect should be accepted, due to the finishing proces, humidity and (out)side temperature.

Cleaning and maintenance of Doodle is best only with a damp cloth and not too much water. Kindly let it dry completely before you use your furniture again.

Bring your furniture to life with Doodle.

- Seat depression is to be expected, this is one of the characteristics of this high-pile fabric.
- Be careful with sharp objects, Velcro or other material that could damage the fabric.
- Don't use brushes or other care products to remodel the curly aspect.
- Please note that washing might have a slight influence on the appearance of the article.

- We recommend to wash the cover inside out and immediately place the cover back to the piece of furniture, slightly damp, after washing.

Textaafoam originals Established in 1970, this Dutch family business brings together craftsmen in textiles and furniture design to build an unrivalled portfolio in upholstery fabrics that meets buyer's needs every time. Featuring a wide colour range, ultimate value for money and excellent reliability in the supply chain.
