Juke

Juke, a heavy knitted velvet in our Textafoam Comfort Collection. A Collection that stands for softness, volume and elegance. Juke will suit all kinds of upholstery: beds, chairs, sofa's and more specific projects.

Piece dyed, treated to be moisture and stain resistant and machine washable at 30 degrees Celsius, Juke is easy to clean. Its longer pile provides enormous softness with a rather shiny and elegant look. This puts Juke among the most wanted articles in our market.

Available from stock in a broad range of contemporary colours. Packed with care in suspended boxes for full rolls or bubblewrap for exact meters to avoid lasting pressure marks during storage and transport.

- Please note that no fluor-carbon treatment has been used for this quality, due to the production and dyeing method it is automatically damp & dirt prevented, stain resistant and easy to clean & maintain.

- We recommend to wash the cover inside out and immediately place the cover back to the piece of furniture, slightly damp, after washing.

***Textafoam originals** Established in 1970, this Dutch family business brings together craftsmen in textiles and furniture design to build an unrivalled portfolio in upholstery fabrics that meets buyer's needs every time. Featuring a wide colour range, ultimate value for money and excellent reliability in the supply chain.*
