Sneak

Sneak is a woven quality within our Comfort collection. This collection consists of soft and elegant fabrics.

With Sneak our development team added a nice feeling fabric to this collection, yet with a rough multicoloured look. Using chenille yarns Sneak has a nice authentic, luxurious and soft look and feel. It is yarn dyed with multicoloured aspect and woven on a dobby loom. In the weft a chenille bouclé yarn combined with the needle punch coating; together they provide Sneak its voluminous and nice grip. A damp and dirt prevention finish makes Sneak easy to clean and maintain and is washable at 30 degrees (machine wash). So this fabric can be enjoyed for a long time.

This article can be applied widely; perfect for loose fitting upholstery like covers as well as for tight fitted furnitures. Sneak looks rich and holds a surprisingly good hand feel.

We first introduced Sneak during Proposte 2017; the bouclé woven structure with chenille yarns was a complete new look at the forefront of market trends. In 2019 the market really picked up in terms of volume and satisfaction. Enough reason to update the range of colours with some fresh new contemporary tones.

- Dirt and damp prevention treatment applied.
- We recommend to wash the cover inside out and immediately place the cover back to the piece of furniture, slightly damp, after washing.
- Please note that during washing the damp- and dirt prevented treatment will disappear faster.

***Textafoam originals** Established in 1970, this Dutch family business brings together craftsmen in textiles and furniture design to build an unrivalled portfolio in upholstery fabrics that meets buyer's needs every time. Featuring a wide colour range, ultimate value for money and excellent reliability in the supply chain.*
