

# Avente

# Avente

Avente is a luxurious upholstery textile, woven on a jacquard loom and part of our Timeless Collection. This collection features all our creative essentials. Fabrics that offer the best value for money and suit every style all year round.

Avente combines virgin and recycled yarns. This heavy, yarn-dyed blended textile has an authentic look and continues to show strong market demand. Our development team selected a carefully balanced range of commercial and natural colours. All modern tones with varying degrees of multicolour to meet every style.

The textile is finished with a light 'kiss' coating to add body and strength, without affecting the soft handfeel. Due to the rough construction of Avente, we recommend a minimum seam allowance of 1 cm. Kindly note that extra overlocking of the seam provides much more stability, especially with tightly upholstered furniture.

During use, a certain hairiness may occur. This can be removed with a pilling machine and does not affect the fabric's durability or lifecycle.

For loose-fitted upholstery models, Avente is machine-washable at 30 degrees Celsius\*.

- Always be careful with sharp or rough objects such as watches, buckles, or velcro, as they may damage the fabric.
- When a loop does occur, it can be easily pushed back into the fabric with a blunt object.
- We recommend to wash the cover inside out and immediately place the cover back to the piece of furniture, slightly damp, after washing.

**Textafoam originals** Established in 1970, this Dutch family business brings together craftsmen in textiles and furniture design to build an unrivalled portfolio in upholstery fabrics that meets buyer's needs every time. Featuring a wide colour range, ultimate value for money and excellent reliability in the supply chain.
